WHIG CAUCUS.

THE Whigs of the City of Bangor are notified that a public Caucus will be held at the New Court House on Saturday evening next, at 8 o clk, for the purpose of choosing 15 delegates to represent the city in the Congressional Convention to be held in this city on the 13th inst Also for choosing fifteen delegates to represent the city in the Senatorial and County Convention to be held on the same day

A full and punctual attendance is requested and the meeting will be one of much interest

Whig Caucus,

This Evening—At the New Court House.

The Whig Caucus notified by the City Committee to be held this evening at the *New Court House*, should be generally attended Delegates are to be chosen to attend the Congressional, Senatorial and County Conventions to be held in this city on Thursday next

The times are such now, that the people everywhere in the free States, and particularly in New England, should awake from slumber and engage heartily in maintaining their rights against the encroachments of slavery Resistance to these encroachments must speedily be made, or nothing but abject submission will remain An unrighteous and iniquitous war is in progress for the acquisition of territory to increase the political power of slavery, and the leaders and presses of the Loco party, for the acquisition of the spoils, are laboring to bring their party up to the support of this war The protection of the government a withdrawn from the industry of the people in order to gratify the cotton growing slave interest of the country — The act making internal improvements for the benefit of the mighty West has been vetoed by a President bound by his sympathies and associations to support slavery Indeed the great aim of the administration now seems to be to increase the power of slavery and cut down the prosperity of the free States

It is time, high time, for the people to oppose this unwarrantable and destructive course of the government Let the Whigs of Bangor heartily engage in this work Thousands of honest, true hearted, full blooded DEMOCRATS will join them, and leave the selfish leaders of their party to sink with the unholy cause they have espoused Let the Whigs begin the work tonight, and faint not until it is accomplished

☞ We notice that the Loco papers are trying to make their party satisfied with the present Tariff, by telling them that every thing will be cheaper under the new Tariff than under the old This may be a good argument for those who are not dependant upon their labor for their living, but to all such it says, your wages must be reduced in a corresponding degree To many of them the argument goes a step farther, and says, you must quit your present pursuit, for the articles you make can be purchased cheaper in Europe than you can afford to make them, and hire, so you will just please to content yourself, and be perfectly happy in having other mechanics treated the same as yourself, and be satisfied that you can buy things cheap!

This is, in effect and in spirit, the address of the Loco papers to their party They seem to think that by this means they can keep out of sight the fact that with the fall in prices must be a fall in wages They seem to forget that men have their labor to dispose of, and their manufactured articles, and their property of various kinds to sell, and that a running down of prices lessens the value of what they have to sell as much as of what they must purchase Now every mechanic in Maine, every farmer, every laborer, has more in value to sell than to buy—else he is not gaining anything, nor laying up for a rainy day and old age And this is why that to him a general reduction in prices is disastrous He may buy cheap, but the same system obliges him to sell cheap, and this goes on until prices are too low for him and he is driven from his business. The manufactures of Europe come in and occupy the place of those of home make This is said to be right because the foreign is cheaper But cash must be paid for the foreign goods, and specie is drained from the country Barter trade must be resorted to at home, and the country made poor by the system which claims merit for the introduction of cheap goods!

This Locofoco system cannot humbug the working men of the free States and the shout of cheap goods will not be as acceptable as the Loco leaders and editors suppose

REPEAL.

This, says the Troy Whig, henceforward will be the rallying cry of the toiling millions, until the bill which transfers the manufacturing four staples to the factories, the forges and the workshops of Europe, shall have been stricken from the National Statute book The northern and Eastern manufacturing States may first raise the cry, for they will first feel the pressure, but as the circle of distress widens, as widen it must, we shall hear the shout echoed from beyond the Alleghanies, and finally, if the relief come not with speed, from the suffering South

Meanwhile we publish in another column the first war cry of the REPEALERS It comes from the hard fisted operatives of the Vulcan Iron Works in this city, two thirds of whom, if we are rightly informed, have hitherto belonged to, and uniformly acted with, the political party that has just fastened the free trade curse upon the nation

Let the working men—against whose *wages* this measure seems to be specially aimed—let every American and who lives by the sweat of his brow, and who would not let out his thews and sinews for the per diem of an English factory slave—protest against this measure From this day until the object is accomplished, let the cry be

REPEAL REPEAL! REPEAL

☞ The Providence Journal thus remarks—One of the coolest things that has come under our observation lately is furnished by the Washington correspondent of the Journal of Commerce, who gravely declares that the tariff bill which has just passed the Senate was carried by Whig influence, or at least by Whig consent! Upon the whole, he seems to regard it as a Whig measure! and thinks that the Whigs passed it for the purpose of making political capital out of it at the next election — The same correspondent, speaking of the efforts of the Union in *whipping in* the Representatives, and even the Senators, says, "without the daily goad and lash the majority in neither House could have been brought up to the work This is a precious confession from a free trade paper! This bill which, according to the Journal of Commerce, a vast majority of the papers approve, which the party having all the branches of the government was bent upon carrying, could only be forced through Congress by the 'goad and lash of the government organ applied to Senators and Representatives!' Is this an evidence of the general desire for the passage of the bill? Is this prophetic of the [illegible] which has been overthrown, and the popularity of that which has been established upon its ruins, and upon the ruins too of the labor and the enterprise of the country?

☞ The blighting effects of McKay's odious Tariff, says a letter writer from Philadelphia, are already felt in the city and county of Philadelphia Extensive manufactories have ceased operations, and business generally has received a heavy blow The proprietors of several manufactories in the district of Moyamensing, Darby, Fairmount, Manayunk Frankford, and other places, have either caused them to be stopped, or signified their intention of doing so In some instances, a reduction of 12½ cents per yard on wages has been made, and a still farther reduction is contemplated, to enable manufacturers to continue operations

A walk through the Western and South Western portion of Moyamensing—a district almost entirely composed of weavers—this morning, convinced me that a great change had come over the minds of these poor deceived people They bitterly denounced the administration they had helped into power, but were particularly violent in their anathemas against the Vice President, Geo M Dallas Since the passage of the bill, hundreds have been thrown out of employment, and I believe that no less than 500 persons are now dependent upon the charity of the world in consequence One individual, who gave up on Friday, employed 1000 hands, men, women and children

☞ A venerable friend, Thorndike Allen Esq, of Stetson, came in yesterday to welcome us in our new quarters, and, as he said, to encourage us by paying a year's subscription in advance Mr Allen has been a subscriber to the weekly paper issued from his office since the first paper was printed in Bangor, by our predecessors, on the fifteenth of November eighteen hundred and fifteen It was highly gratifying to us to have an interview with so steadfast a friend of this office, who, in sunshine and in storm, has always paid promptly his subscription, and who feels that he has received its full value

We had the pleasure of showing him an unbroken file of the papers issued from this office since its establishment in 1815, up to the present time, making about twenty large well bound volumes Some notices in some of the early volumes brought to his mind the direct taxes levied by government, and he expressed the fear that the course now pursued by the loco party would result, if persisted in, in the levying of another direct tax

Many friends have given us friendly calls in our new rooms, and we hope to see many more

The news of the passage of the Tariff, in this country, will be hailed with joy when it shall reach the British shores, for next to the repeal of the Corn laws, it will be considered one of the greatest events of the age, giving to them, as it will, the supply of our markets again

☞ The Methodist Sabbath School made an excursion, yesterday in the T F Secor, to Camp ground, where they had a fine picnic, together with all the usual and so forth

The Black-List of New-England.

The following are the names of the Senators and Representatives from New England, whose votes secured the passage of the infamous bill of the free-trade aristocracy Let them be kept before the people!

Voters of Maine and Vermont, remember these things next September

Terrific Hail-Storm at Dixmont!

We learn from Mr Simpson, of Boston, of the firm of Stone & Simpson,—the only passenger in the mail stage from the west on Thursday evening last,—that on the afternoon of that day there was a terrific hail storm at Dixmont having its center at Dixmont corner The wind was very high and many of the hail stones were not only as large as a hen's egg, but a great deal larger All the glass exposed to the north was demolished—most of the crops entirely ruined—the corn beaten to the bare poles—the foliage beaten from forest and fruit trees The storm was of short duration, but terribly destructive, indeed it has been suggested that some of the farmers in that vicinity may need the aid of a generous public, on account of the entire destruction of their crops

The St Louis Republican learns that a large number of Oregon emigrants had returned to St Joseph's landing having proceeded about 500 miles when the Indians stole all their cattle from them

There was a report at St Joseph's that sixty odd persons bound to California, among whom was a Mr Cunningham and his family, had all starved on the route, having lost their way and run out of provisions The same paper states that Lieut Agnew, of the U S Army, arrived in that city from Washington on the 8th, with a requisition for another Regiment of Missouri Infantry, to follow on and join Gen Kearney

☞ The Oxford Democrat states that three young persons were drowned in Westcott pond in Swanville, in this State, on the 12th ult, by the upsetting of a boat Two of them, Elijah and Enoch, respectively aged 17 and 8, were children of Josiah Sekins, the third was a young woman about 18, named Stickney, who resided in the same family, but belonged in Hallowell Maine

Mr Barker Burnell.

The Atlas of Tuesday last says—We are authorized to state that a full and satisfactory adjustment has been made, between the Receivers of the Manufacturers and Mechanics Bank, of Nantucket, and Mr Barker Burnell, of all matters in relation to his connection with that institution

☞ [illegible] volume entitled 'Sunshine and Shade or the Denham Family,' and we notice that he advertises it as a production of a young lady of this city It is a beautiful little book for children and will be found, we venture to predict, a great favorite with them The style is gentle and pleasant—the incidents quite touching, and the moral healthful Our little folks will have a grand time with it during the present vacation

Messrs Davenport & Bridges, car manufacturers, Cambridgeport, have received a portion of the government patronage, having obtained a contract to build one hundred baggage wagons for the Government These wagons, we presume, are intended for use in the Mexican campaign, and are to be completed by the first of September

☞ We yesterday received from the flower garden of Mr Elbridge Dole a very fine display of Dahlias His collection is a choice one and his success in fine flowers is seldom equalled

☞ Mr White has been brushing up Mount Hope garden very much recently He has laid the foundation for a beautiful garden and his display of roses and other flowers is now very beautiful

☞ Some of the young people had a pleasant moonlight excursion down the river in the steamer T F Secor, on Thursday evening

☞ Thompson, the Abolitionist, who has been confined in the penitentiary of Missouri, for six or seven years has been pardoned by the Governor

Mr Dallas.

The speech of Mr Dallas, when taken in connection with his vote a moment before, is very singular His apology for his vote was that he was not altogether satisfied with the bill, but that he was obliged to take it as it was, or not at all, that he was necessarily excluded from all share in its formation, and had no opportunity to make it better; he had no alternative between that and the present tariff And yet, on that very day, but a few minutes before, he had given his casting vote against the motion to refer the bill to a committee for the purpose of amendment, for such amendment as he would have the people of Pennsylvania think he was in favor of The motion was for reference to a select committee, which would have been appointed by himself, and from the many shades of opinion in the Senate he could have had no difficulty in selecting a committee to suit any views which he might entertain It is indeed difficult to conceive with what face he could deliver such a speech, while the negative was scarcely cold upon his lips with which he had decided against an amendment to the bill — Providence Journal

The Reward of the Traitor.

An effigy of Vice President Dallas was suspended from our market house, this morning, with the following inscriptions:—

"THE POLITICAL DEATH OF GEORGE M DALLAS!

"LET TRAITORS BEWARE OF THE DEATH OF A TRAITOR!

'Peace to his ashes!

Verily the Traitor is receiving his reward — But there are other betrayers, who equally merit the contempt and indignation of the people — The proper place, however to visit it upon them, will be the ballot box

[Harrisburg Intelligencer

The Massachusetts and Maine papers are requested to copy the following notice of the death of a person named Jonathan D Pope or Pape who perished in the manner related His heirs will know more concerning the effects left by the deceased by addressing a letter to R A Upton, attorney at law, New River P O La!

From some papers found upon his person, it appears that the deceased at one time commanded a brig sailing out of Bluehill, Hancock county, Maine that his father once resided in Salem, Mass, and that the deceased came from either New York, Salem or Bluehill

Iberville, July 22. 1846—Singular Death Jonathan D Pope.

On Sunday Morning last, the 19th instant R A Upton, Esq justice of peace and *ex officio* coroner of the parish, was informed that a dead body had been found in what is commonly known as Iberville Point On proceeding to the spot designated, the body was found in a sunken flatboat

The deceased man had been dead five or six days, was alone in the boat, and had no assistant In the boat was found, in a greatly damaged state, a quantity of merchandise, money, papers &c —which furnished conclusive evidence that the name of the deceased was Jonathan D Pope, and that he resided either in Salem, Massachusetts, or New York, in the state of New York

The verdict of the coroner's jury was that 'the deceased died a natural death Mr Upton caused the body—which was in an awful condition—to be buried, and on the 21st instant opened his succession, in the Sixth District Court for the parish of Iberville, sitting in probate

Mr Clay always insisted and in his great speech on the Sub Treasury demonstrated that the end aimed at by the contrivers of the Sub Treasury was a Government Bank, of which they were to be Directors, Officers and beneficiaries This we are now to have in a shape that Law himself might have envied Sir Robert Walker is President, and what sort of financier he is, the records of judgements in Mississippi, Tennessee, Louisiana and the Districts of Columbia bear witness We believe he is bankrupt for not less than $300,000—or was, at least, when appointed Secretary of the Treasury Mr Polk and his Cabinet are Directors of this Bank, the Mexican War is the guage of its line of discount, popular credulity is its capital If Fifty Millions shall be issued, this will naturally cause a general inflation of the Currency, and if ever the Government should undertake to pay up or fund this enormous debt, a general contraction is equally certain The Banks as usual, will be cursed alike for the inflation and contraction, some of them will be broken by the latter, and then a yell of 'Down with Banks!' will be renewed with greater intensity than ever We can only foresee and deplore, those who rule will have their own way, as the People have determined All we ask is that the blame to the proper quarter

The Slave Power.

ITS ORIGIN

Most New England men who have travelled five minutes with a Virginian, have heard him illustrate the characters of the two races by a reference to their Roundhead and Cavalier origin Of the Roundhead founders of Massachusetts, many were persons of fortune and education, and not a few were of the noble and the gentle blood of England The settlers of Virginia were Cavaliers of that sort of which Wildrake, in Scott's novel of Woodstock, is the type and embodiment A great part, so says Captain Smith, the man who saved them from self destruction, "were unruly sparks, packed off by their friends to escape worse destinies at home Many were poor gentlemen, broken tradesmen, rakes, and libertines, footmen, and such others as were fitter to spoil and ruin a Commonwealth than to help raise or maintain one

These were just the sort of people for slavery to suit A Dutch ship in 1620, brought some African slaves into James River, and from that time the importation went on rapidly The foundations of the domestic institution, and with it the social fabric of the South, were laid — When, in 1646, a cargo of Africans were brought from the slave coast to Boston, the magistrates sent them back, declaring themselves "bound by the first opportunity to bear witness against the heinous and crying sin of man stealing!" The destiny of New England was to be different

The settlement of South Carolina began with negroes from the West Indies, and in a few years their number in her borders was nearly double that of the whites It to other colonies belonged the bad eminence of an earlier introduction of slavery, Georgia claims the still more odious one of superseding with it, after twenty years, the humane institutions of her philanthropic founder From Virginia slavery passed over into North Carolina, Maryland and Delaware Pennsylvania, after a period of fluctuating policy finally bounded its progress towards the North There were slaves indeed, in considerable numbers in New York and New Jersey, and some in the Eastern States But they were principally employed as domestic servants, the hardship of their condition was much mitigated, and they made but an insignificant element in the constitution of Northern society In may 1703, Boston instructed its representatives to move to "put a period to negroes being slaves" But the power of the mother country stood in the way The Constitution of Massachusetts was established in 1780 In 1781, a bill was found in Worcester county, against a white man for assaulting and imprisoning a black It was tried before the Supreme Court in 1783 The defence was that the black was a slave, and that the act charged was the necessary restraint and correction of the master But the Court held that under the clause in the Declaration of Rights, that "all men are born free and equal, and have certain natural, essential and inalienable rights, among which may be reckoned the right of enjoying and defending their lives and liberties" there could be no legal slavery in Massachusetts The jury thought so too; the master was fined forty shillings, and the question was settled for ever

At the end of the seventeenth century, South Carolina, with the labor of her slaves, produced abundance of the best rice in the world — The profitableness of the bondman of course rivetted his chains Of the humble but excellent men who fled to America from Popish persecution in France, the smaller portions planted themselves in Massachusetts and New York, the largest in South Carolina The S Carolina emigrants or their children fell into the bad principles and practices of their neighbors, and the representatives of the refugee Huguenots of 1686 were, in 1786, almost the only champions of slavery in the Convention for devising a Constitution to give practical efficacy to the maxims of the Declaration of Independence, that "all men are born free and equal, and have certain inalienable rights

In 1790, Virginia had 293,427 slaves. There were about as many more in the other United States 700,000 for the whole country, at the establishment of the Federal Constitution, would be a large estimate In 1800, there were still not quite 900,000 In 1810, after the acquisition of Louisiana, the census of slaves fell a little short of 1,200,000 In 1820, there were more than 1,500,000, in 1830, more than 2,000,000, in 1840, nearly 2,500,000, and in 1846, the number considerably exceeds 3,000,000, being greater than that of the whole white population of the country at the close of the revolutionary war

The wickedness and present in schemes of slavery, and something of its threatening aspect upon the future, were seen by discerning men before the Federal Union Mr Jefferson wrote his 'Notes on Virginia,' in 1781 "The whole commerce between master and slave, said he, (answer query 18) is a perpetual exercise of the most boisterous passions the most unremitting despotism on the one part and degrading submissions on the other Our children see this, and learn to imitate it for man is an imitative animal * * * * * * The parent storms, the child looks on, catches the lineaments of wrath, put on the same airs in the circle of smaller slaves, gives loose to the worst passions, and thus nursed educated, and daily exercised in tyranny, cannot but be stamped by it, with all its peculiarities The man must be a prodigy who can retain his manners and morals undepraved by such circumstances And with what execration should the statesman be loaded, who, permitting one half of the citizens thus to trample on the rights of the other, transforms those into despots, and those into enemies, destroys the morals of the one part, and the *amor patriæ* of the other * * * * In a warm climate, no man will labor for himself who can make another labor for him This is so true, that of the proprietors of slaves a very small proportion indeed are ever seen to labor And can the liberties of a nation be thought a cure when we have removed their only firm basis, a conviction in the minds of the people that these liberties are the gift of God, that they are not to be violated but with his wrath! Indeed I tremble for my country when I reflect that God is just, that his justice cannot sleep forever, that, considering numbers, nature, and natural means only, a revolution of the wheel of fortune, an exchange of situation, is among possible events, that it may become probable by supernatural interference The Almighty has no attribute which can take sides with us in such a contest!

☞ The General Court concerning themselves bound by the first opportunity to bear witness against this heinous and crying sin of man stealing, as also to prescribe such timely redress for what is past, and such law for the future as may sufficiently deter all others belonging to us to have to do with such vile and most odious courses justly abhorred of all good and just men, do order that the negro interpreter and others unlawfully taken be by the first opportunity (at charge of the country for the present) sent to their native country Guinea, and a letter of indignation of the Court thereabouts, desiring our honored Governor would please to put this in execution [Mass Colony Laws 16-6] They were so scrupulous as to send and bring back one who had been smuggled down into Maine

Cured of Piles.

For five years I was afflicted with what the doctors told me were the Itching Piles I had applied to several physicians and used many med cines without any relief till I used Dr Hay's Liniment which I purchased of Comstock and Kiss No 19 Tremont Row Boston which cured me before I had used all of one bottle I was greatly relieved upon the first one or two applications Most seriously do I urge upon the afflicted to use this remedy before all others My object entirely in making my case public, is hoping I may benefit the afflicted sufferer Enos Thompson 6 Norfolk Place Boston

LATEST NEWS.

Affairs at Washington.

Washington, Aug 4 1846

In the Senate, the bill to repeal the duty on railroad iron, in certain cases was taken up

Mr Dickinson moved to amend it so as to permit all railroad companies to import their iron free of duty

After debate, in which Messrs Evans Dayton, Cameron, J M Clayton, Allen, Chalmers Berrien, Atherton, and others participated, a motion to lay the bill on the table was rejected —yeas 20, nays 26

Mr Dickinson's amendment was then rejected

Several amendments were adopted and the bill ordered to be engrossed for a third reading yeas 24, nays 21 The Civil and Diplomatic Bill was taken up Mr Benton's last amendment pay claimants the two instalments of Mexican indemnity, due in April and July, 1844 and alleged to have been paid by Menavalle the American Agent

Mr Benton defended it and expatiated on speculation entered into by the American agent in reference to the instalment, by which he and his associates, one of whom is suspected to be his brother in law—Senor Trigoures Secretary of the Mexican Treasury—were to pocket $105 000

Mr Evans did not consider the amendment necessary If the Mexican Government had paid the money to our agent, there was no law authorizing the President to pay it over Mexico had not paid it, there was no obligation on the part of our Government to pay it

The amendment was rejected

Other slight amendments were agreed to and the bill postponed until to morrow

The Senate then went into Executive session and after some time adjourned

The House took up this *vetoed* bill, and upon the question, shall it pass? there were ayes 91, nays 91—not two thirds, and so the bill is lost

The French Spoliation Bill has now passed both houses of Congress

The debate closed and amendments considered Many amendments were offered and rejected, and the bill ordered to be engrossed for third reading, by 98 ayes to 88 nays The bill passed on third reading by yeas 94 nays 88 The House adjourned

Maine Legislature.

BANGOR May 18 1846

I have been very severely afflicted with a distressing cough, attended with asthma For many years especially during the winter season for some eight or ten years past I have expended a large amount of money in endeavoring to regain my health and have tried nearly all the preparations of the day with little or no benefit During the forepart of last winter I was much worse than usual—very much worn down with my cough and exhausted so that I was unable to attend to business I felt discouraged and began to conclude with my friends that my case was a hopeless one Whilst in this situation a friend called to see me and advised me to send and purchase a bottle of Hunter's Pulmonary Balsam and a box of the Indian Dyspepsia Pills prepared by CURTIS & CO of this city, saying he had made use of them in a case very similar and had been cured I had little or no confidence in any patent medicines having tried many and found no relief and objected sending for them for some time At the earnest solicitation of several who declared they had found relief from them I purchased a bottle of the Balsam and a box of the Pills Very soon after I commenced using them, was relieved from the distress at my lungs, my cough became loose and I rested easy Soon after my cough began to disappear and in less than a month it was perfectly well My lungs now appear perfectly well, and have been so for months I believe the Balsam and Pills SAVED MY LIFE I have made use of it since for my children in cases of colds and coughs and it has universally given them immediate relief and cured the cough I do most cheerfully recommend it to the public believing it the *best article in the world* for all lung complaints, asthma &c JOHN THOMPSON

SICKNESS IN CHILDREN

And the suffering which they undergo from "WORMS" often tend to a fatal termination, while the CAUSE is never suspected Offensive Breath, picking at the nose, grinding the teeth during sleep, starting in sleep with fright and screaming, troublesome cough, and feverishness, are among some of the *Prominent Symptoms* of the presence of worms A timely use of

SHERMAN'S WORM LOZENGES

Will immediately remove all these unpleasant symptoms, and restore to perfect health Sister Ignatius, Superior of the Catholic Half Orphan Asylum, has added her testimony in their favor to the thousands which have gone before She states that there are over 100 children in the Asylum, and but they have been in the habit of using Sherman's Lozenges, and she has always found them to be attended with the most beneficial effects They have been proved to be infallible in over 100 000 cases

CONSUMPTION,

Influenza Cough, Colds, Whooping Cough Tightness of the Lungs or Chest may be cured Rev Darius Anthony was very low from Consumption, Jonathan Howarth, the celebrated temperance lecturer was reduced to the verge of the grave by raising blood Rev Mr Dunbar, of New York, the Rev, Mr De Forest, Evangelist in the Western part of this state, Rev Sebastian Streeter, of Boston, the wife of Orasmus Dibble, Esq in Moravia, and hundreds of others, have been relieved and cured by a proper use of

SHERMAN'S COUGH LOZENGES,

And no medicine has ever been offered to the public which has been more effectual in the relief of those diseases, or which can be recommended with more confidence. They allay all tickling or irritation, render the cough easy, promote expectoration, remove the cause, and produce the most happy and lasting effects

HEADACHE,

Palpitation of the Heart, Lowness of Spirits, Sea sickness, Despondency, Faintness, Cholic Spasms, Cramps of the Stomach, Summer or Bowel Complaints, also all the distressing symptoms arising from free living, or a night of dissipation are quickly and entirely relieved by using

SHERMAN'S CAMPHOR LOZENGES

They act speedily and receive in a very short space of time, giving tone and vigor to the system, and enable a person using them to undergo great mental or bodily fatigue.

RHEUMATISM,

Weak Back, Pain and weakness in the Breast Back, Limbs and other parts of the body are speedily and effectually relieved by SHERMAN'S POOR MAN'S PLASTER, which costs only 12½ cents and is within the reach of all So great has been the demand for this article that a million will not begin to supply the annual demand It is acknowledged to be the best strengthening Plaster in the world

BEWARE OF IMPOSITION

HINTS FOR THE WARM SEASON.

THIS wonderful compound combines MEDICAL POWERS over all other preparations ever formed for the relief of those diseases for which it is recommended, such as Headache, Dizziness, Sleepiness, Noises in the Head, Bad taste in the Mouth, Nausea or sickness in the Stomach Loss of Appetite, Indigestion, Dyspepsia, Fever and Ague, Pain after Eating, Sour Stomach, Heartburn, Jaundice, Costiveness, Determination of Blood to the Head, Piles, Coughs, Colds, pain in the side back limbs and joints Rheumatism, all Chronic Diseases, Scrofulous Humors, Salt rheum and all Cutaneous Eruptions of the Skin, General Debility, &c.

The DANDELION AND TOMATO PANACEA is particularly recommended in cases of Indigestion and Dyspepsia The following are some of its distressing symptoms Palpitation of the heart, heartburn, loss of appetite, pain after eating, languor, melancholy, restlessness, &c It will cure the worst diseases of

RHEUMATISM,

and will eradicate mercury from the system infinitely faster and better than the common Sarsaparilla preparation The *Dandelion and Tomato Panacea* is, as all must be aware from the ingredients of which it is compounded, the best as well as the safest

Spring and Summer Medicine

now before the public Spring and Summer are the seasons when

Jaundice Complaints

are most prevalent The symptoms of these complaints are

Drowsiness, Dimness of Sight, &c

It has proved itself a most astonishing and effectual remedy for that worst of all maladies

The Piles,

because it cleanses and enables the stomach to discharge into the bowels, and causes a free circulation, and regulates the whole system, and thereby prevents

Costiveness

In cases of Costiveness, either of recent or long standing, it has proved itself effectual after all other remedies have failed

Scrofula, or King's Evil,

and all other eruptions of the skin are removed by the impure state of the blood, and to have pure blood a medicine should be occasionally taken—The Panacea is wonderful in its effects for purifying and

Cleansing the Blood,

and is therefore a preventive for all eruptions of the skin and will eradicate

Humors

of long standing, and in fact is requisite for the promotion of

Sound Health

from the most exhausted constitutions.

The People's Pioneer Cooking Stove.

THE subscribers after great expenditure have succeeded in bringing this admirable Cooking Apparatus to perfection and are now prepared to furnish the public with the very best article ever invented This Stove has had three of the highest premiums awarded to it that were ever awarded to a Cooking Stove, at the Fair of the American Institute in the City of New York a Silver Medal was awarded, at the great State Fair at Poughkeepsie, N Y 1844, where was the greatest competition ever known, the first premium was awarded to it and lastly at the Exhibition and Fair in Boston a Silver Medal was awarded to it. This celebrated Stove stands unrivalled in Boston New York and other places where it is in extensive use, 1800 of them were retailed by one establishment in Boston the past year, for all cooking and heating purposes it far surpasses any other Cooking Apparatus that can be produced The oven is extremely large, being of sufficient capacity to admit six large pie plates, or six large loaves of Bread, or even the largest pudding or bean pots in use at the same time In addition to the advantages it has over other Stoves for boiling, baking washing, frying, heating irons, &c., it is acknowledged by all who use them that they have the best arrangement for Broiling and Roasting that has ever been in use, the team (from all the cooking) being carried off effectually This Stove being composed of two parts can be disconnected in one moment's time, so as to make two perfect Stoves which is of great value in warm weather as the summer stove which makes a handsome parlor stove may be used in the setting or dining room—and the other part in the back kitchen for Boiling or Washing, and in the fall of the year the two parts may be connected together as is represented above In fact it is impossible to tell one half of the story about this Stove, and all who feel interested to get a first rate Cooking Apparatus are respectfully requested to call at our Store and examine the above where will be found a first rate assortment of Cook Stoves, Ranges, Hot-Air Furnaces and Fixtures, Tin Ware, Sheet Lead, Pumps, Lead Pipe, Fire Frames, &c

READY'S! FOR MAN AND BEAST.

DR KITTREDGE'S Green Nerve and Bone Ointment discovered and used by the late Dr Kittredge of Walpole, N H, with the most unparalleled success, is now prepared by Geo C Goodwin, Druggist, 76 Union street, Boston, from the Original Receipt, and is confidently recommended to the public for the cure of the following diseases incident to the human frame

Rheumatism, Lameness, Sprains, Gout, Salt Rheum, Scrofula, Piles, Humors Contractions, and all external complaints. It is also equally celebrated in the cure of the following external diseases of Horses and Cattle— Sprains, Galls, Cuts, Scratches, Bruises, Windbone, Pastern, Cough, Stiff Joint, Film in the Eye, &c

Numerous certificates might be produced attesting to its inestimable virtues, and the public may rest assured that this ointment is superior to any remedy ever invented for the cure of the above named diseases, and unlike too many highly extolled medicines.

It is no humbug—in proof of which the proprietor will himself, and hereby authorises his Agents in all cases to refund the money, where it does not give the most unbounded satisfaction

Highly important to all Invalids & Patients of Physicians.

THE AFFLICTED IN DANGER! SALUTARY CAUTION, READ! READ!!

THE well established and well earned reputation of WRIGHT'S INDIAN VEGETABLE PILLS, as a Sovereign antidote, and cure in cases of Fevers, Head Aches, Indigestion, Dyspepsia, Dysentery, Colic, Female Complaints, &c &c has excited the cupidity and envy of the proprietors of other medicines, and since their admirable qualities cannot be impeached, has arrayed against them the antagonist efforts of men who seek to pass off other medicines by the reputation of Wright's Indian Vegetable Pills

Beware of all attempts to palm off any (so called) specifics by means of specious sounding and deceptive titles "SUGAR COATED PILLS" may be pleasant to the palate, but it requires something more than an agreeable exterior to combat with disease We shall not attempt to analyze the composition of the "Sugar Coated or pretended improved Indian Vegetable Pills," which have been thrown into the market and advertised extensively in the country papers—we have no desire to do so—nor is it necessary It is, however, our duty to assure the public emphatically, that they are not an improvement on WRIGHT'S Indian Vegetable Pills, and that, whoever purchases them under this supposition is wofully deceived This caution is positively necessary, since the title (nearly) the qualities set forth, the combination of ingredients, &c are all those which formed the distinctive and original character of the true medicine

Remember, buy none but "WRIGHT'S Indian Vegetable Pills," which are protected by a patent These have attained an almost incredible sale and circulation, owing altogether to their own intrinsic merits The public will pass its own judgment upon any attempt to snatch the Laurel from the brow of the inventor of so meritorious where it has been placed by grateful thousands who owe their continuance of the enjoyment of the blessings of health to his happy and benevolent agency

Wright's Indian Vegetable Pills

have performed wonders when used in cases of Intermittent, Remittent Nervous, Inflammatory and Putrid Fevers, Measles, Small Pox and Erysipelas Inflammations, of the Brain throat, stomach, lungs, liver intestines, kidneys and bladder, pains in the stomach, back and side, consumption, dropsy of the head of the chest, of the abdomen and of the limbs, scrofulas, scurvy and syphilis, cancer, gravel, loss of appetite, sick headache, rheumatism, both acute and chronic, spitting of blood, diarrhoea dysentery and colics, syncope, apoplexy and paralysis dyspepsia, hypochondriasis, epilepsy hooping cough, Palpitation of the heart, ulcers and sores of every description, hysterics, weak nerves, and low spirits suppression, and other delicate Female Complaints

No other medicines ever discovered has grappled those horrid forms of disease with such general success They derive thus powerfully THE EMPLOYMENT OF NATURAL MEANS TO COUNTERACT THE EVILS OF NATURE The bowels of the earth have not been ransacked for poisonous minerals to drive the system under the pretence of eradicating disease The Field and the Forrest alone have been searched for materials for the healing art. From these have been collected remedies attacking the various forms of disease, and expelling it by the outlets provided by the author of our Being—the Lungs, the Skin, the Kidneys and the Bowels Hence Wright's Indian Vegetable Pills, based upon the curative mode suggested by nature, are Sudorific Diuretic Expectorant and Purgative

The ORIGIN of this invaluable medicine entitles it to unlimited confidence and respect The nearer we approach to nature, in our researches after truth both in science and art, the more complete will be our success in both Look at the uniform physical condition of the Indian Tribes of this continent whether exposed to the frosts and storms of the North, or to the rain, heat, and pestilential miasma of Southern climate Houseless, unprotected exposed to every atmospheric change, every extreme of the seasons dwelling at times in morasses and by the margins of unhealthy pools and swamps—they yet enjoy an almost total immunity from disease, while the white man who enjoys all the comforts of civilization with its attendant arts is as much inferior to the savage in physical vigor as he is superior to him in intellectual acquisitions—How does this happen? Simply because he refuses the light of science, he relies upon that divine instinct which impels him to select from the produce of the field and forest those remedies which Nature and Nature's God has bounteously provided for the solace of suffering, and the mitigation and cure of disease—so we find them broadcast on every hill and valley Let those who impiously arraign the good justice of Divine Providence, and point with sneer to the multitude of invalids who lie groaning upon beds of sickness, turn from the false lights of man and study the secrets of nature and they will adore that mercy which has so bountifully provided a cure for every wound—*a remedy for all who seek one*

Disease rarely assumes one form from another, even in any one case—hence the absurdity of attacking it by [illegible] But Wright's Indian Vegetable Pills combining a remedy for every form of disease, attack successfully any combination of malady This union of powers render these pills thoroughly cleansing in their nature and operations. They cannot fail of affording relief if taken according to directions accompanying them They may be freely resorted to in the most desperate cases of the most desperate disorders, for they have effected remarkable and marvellous cures They are applicable to a wide range of diseases and their use is not confined to any particular age, or to either sex They are now triumphantly established beyond the reach of cavil and the only danger that exists is on the part of the public, lest they should suffer from imitations, spurious Pills, palmed off by the help of titles similar to that of the genuine Pills Therefore, we once more caution the public against purchasing any but the

GENUINE

"WRIGHT'S INDIAN VEGETABLE PILLS."

These Pills as we before remarked, operate as purgation—by thoroughly cleansing the entire system from all impurities, and making the invalid, in the homely but expressive phrase, a new man' whether the disease is INCIPIENT CONSUMPTION, which insidiously attacks the Lungs, producing that dry, hacking cough so painful to the friendly ear, or Cutaneous, showing itself upon the skin in eruptions or blotches, whether the Kidneys or the Bowels be affected—*Wright's Indian Vegetable Pills* are equally efficacious in warding off danger Their expectorant, cathartic, sudorific and diuretic qualities enable them to take hold of each form of disease

The *perfect safety* of the medicine is another all important quality, and one which has contributed more than any thing else to its extension and popularity

In a word, this medicine commends itself strongly to the patronage of the public, and its use bids fair to become, before long, ALMOST UNIVERSAL

[illegible] INDIAN BALSAM OF HEALTH

THE

REMEDY!

For Colds, Coughs, Asthma, and other Diseases of the CHEST and LUNGS.

BUCHAN'S HUNGARIAN BALSAM, the Great English Remedy for Chronic and Pulmonary diseases, still stands unrivalled and unsurpassed as the most elegant, agreeable and effectual curative of these formidable complaints, now known to the civilized world

Three years of trial in the United States, during which time it has been distributed from Maine to Florida, has only served to establish its pre eminent merits in all parts of the country, as the great and

ONLY RELIABLE REMEDY

in the worst cases of Pulmonary disease, and the best and most agreeable curative of all the slight forms of colds, cough and inflammation, that can possibly be used

SPITTING OF BLOOD! The frightful symptom of approaching Consumption, is speedily checked and prevented by the use of Buchan's Hungarian Balsam, which heals the affected membrane, removes the incipient tubercles, and restores those vital organs, the lungs, to a sound and healthy condition

REMEMBER THIS Spitting of Blood always arises from a tendency to Tuberculous disease and if not checked, at the outset, will sooner or later determine in death. A person who raises blood once, will raise blood again, unless a proper curative is immediately employed

PAIN IN THE SIDE! This distressing symptom of Consumption arises from inflammation of the Lungs, or the Membrane called the Pleura, or from Bronchial affection of the air passages In either case it is a very dangerous indication of disease It prevents deep and free breathing and wears away the natural strength of the system Let the cause of this symptom should be removed at once, and nothing can possibly effect this object so speedily and happily as the Great English Remedy, discovered by Dr Buchan which is entirely vegetable in its ingredients, and perfectly harmless in all its qualities

LIVER COMPLAINT In cases of Consumption the Liver is always more or less affected, and also the Spleen, Pleura, and, small intestines On dissecting Consumptive patients Tubercles are often found in all these organs, particularly upon the Liver, which also becomes fatty, oily and swelled The effect of the Hungarian Balsam in diseases of the Liver, especially if it be of an ulcerous nature is direct and powerful *Simple disease of the Liver, unattended by Consumption is speedily cured by its use*

WINTER COUGH The harsh, dry, hacking winter cough which *afflicts old people*, and invalids in a low state of health is so fearfully afflicted by the *Hungarian Balsam*

It warms moistens, and stimulates the whole breathing apparatus, removes all morbid mucus and other foul matter, purifies and invigorates the blood, improves the secretive power of the liver, Spleen and other large glands, and the digestive organs, and imparts new life to the wan and emaciated system

BRONCHITIS Bronchitis, Difficulty of Breathing, Harsh Cough, difficult expectoration, with all other symptoms caused by an affection of the air tubes leading from the throat to the lungs, are directly and specifically cured by the use of the Balsam the remedy invented by *Dr Buchan*

This is a very painful wearing and injurious complaint, and always has a powerful tendency to inflame and soften the Lungs, and thereby to induce the worst form of Pulmonary disease Be warned in time, you afflicted, and employ this valuable remedy

TUBERCLES ON THE LUNGS! The Hungarian Balsam is the only popular remedy which has any power to dissolve, remove, and cure Tubercles on the Lungs Incredible as this is generally deemed, we have the most abundant and conclusive evidence to sustain the assertion that such is its direct and immediate effect in all cases where there is no natural organic defect In fact, so confident is the American Agent of its power to cure the worst form of this disease that he prefers (as he has frequently stated,) that it should be used by invalids who have been *PRONOUNCED INCURABLE* by the most eminent physicians, rather than by persons affected with some slighter form of disease—in order that its triumphs might be more apparent He boldly declares that it will cure Tuberculous disease, and confidently solicits a trial in the *worst of cases*

EXPECTORATION! Free Expectoration is the most important object to be attained in all attempts to cure diseases of the Chest and Lungs The Cough, which is so distressing is simply the result of a desire to expectorate, and as long as foul matter exists in the air passage it will continue to irritate the membrane and provoke a cough Coughing is an attempt to throw off this matter and expectoration gives great relief Inability to expectorate in the latter stages of Consumption is the cause of death

The Hungarian Balsam is a *great Expectorant*—It dissolves the morbid and diseased matter in the air passage, changes it from a thick, glutinous substance to a thin harmless fluid, and throws it off with the greatest possible ease and comfort to the patient There is no better medicine in the world, if its expectorant quality alone be considered

SPASMODIC ASTHMA Simple or Spasmodic Asthma has no better remedy than the Hungarian Balsam This painful and destructive affection which resists almost every thing else, yields to the all powerful influence of this great remedy, as readily as any other form of Pectoral disease

CONSUMPTION! Consumption has been graphically described as a' *Shrinking of one's self*" The Hungarian Balsam, by its cleansing warming, softening and animating power, produces, not shrinking but *expansion!*

Before its delightful influence, all chills, fever, night sweats, costiveness, blueness of the nails, a hot flushed skin, an uncertain strength, emaciation and decline—disappear, like the poisonous dews of night before the glorious morning sun! This is no delusion, but demonstrable fact, sustained by incontestible proof from all parts of the country

BE WISE TO DAY! Delay in any case of Consumptive tendency, is emphatically Death under all ordinary treatment The Hungarian Balsam is a great ANTIDOTE, as well as CURATIVE If you have any symptoms above described be advised in time

G W LADD, Agent for Bangor

Among the numerous remedies which are offered to the public on the basis of an ancient name there are perhaps which have acquired so great a celebrity and extensive use in so short a time as this invaluable article—They have gained their high reputation, alone by their good works Those who once try them always use them again They are grateful to the stomach,—they improve the functions of secretion, nutrition and circulation They restore digestion and appetite and create a natural warmth inwardly, which glows through the whole system giving it greater vitality and animation The experience of thousands attest to their good effect After using them for a short time the hitherto wretched invalid finds that all disagreeable and unhealthy humors have forsaken his system His digestive organs perform their proper functions, blood regains its wonted purity the oppressive sense of weakness and pain departs, and the invalid becomes endowed with renewed strength and vigor—while the mind resumes its original vivacity and clearness Such are the results produced by Alsey's Sugar coated Pills the public have found effectual in eradication of the disease

In BILIOUS complaints Costiveness, Indigestion, Dyspepsy, and all other disorders of the Liver such they produce the most happy results Sores, Boils Salt rheum, Tetter, Erysipelas, Eruptions of the Skin, Scrofulous complaints and all other like diseases arising from MERCURIAL USE they have become highly celebrated Hundreds of certificates have been recorded in testimony of those who after having taken them for a short time (according to the directions which are given with the box) were cured of the most afflicting cases of scrofulous affections They give *Good Health to Thousands* Bottles of the boasted Sarsaparilla contain in the true virtues of that valuable plant and are more effectual than a single box of these extraordinary Pills In Colds Coughs, Influenza, Sore Throat Headache Giddiness &c, they are recommended with entire confidence, the relief in these cases is quick and permanent For Fever and Ague Fevers Asthma, Piles, Loss of Appetite, Dyspepsia Jaundice Worms, Looseness General debility and many of the various other diseases to which the human system is liable they have proved a reliable remedy Their action on the bowels is of the mildest character, even *after doses* never griping or unpleasantness yet they are searching and efficient It is impossible by words, to give an adequate idea of the great and good effect these pills produce and their superiority over every other remedy of a similar class, a trial only will convince the wide difference The unhappy invalid in having *tested* but a *single box* of them will rejoice for the unexampled change wrought in his health, bear testimony to their unconquerable virtues

N B The *coating of sugar* adds nothing to the great virtues of the Magic Life Pills it is the common process in promoting health, on account of their merits stand, notwithstanding this the original sugar coated pills The improvement made this valuable improvement to preserve the curative virtues entire as well as to render it pleasant to the taste, yet individuals of not scrupulous have counterfeited other pills coated they through the base and silly pretension to [illegible] distributing them about the country, deceive and rob the by disposing of them unjustly the [illegible] already acquired reputation and popularity of the genuine *Halsey's Sugar-coated Pills* be careful to get the true and original sugar coated pills, see that the engraved signature (G W Ladd) is on the label of each box, and buy only of the above agents

DEAFNESS CAN BE CURED

COOPER'S ETHEREAL OIL—A prompt and lasting remedy for DEAFNESS, also for pains and discharge of matter from the ears Hundreds of cures in cases deemed utterly hopeless have firmly established its superiority over every former Medical discovery

This valuable Acoustic Medicine is a compound of four different Oils, one of which, the active and principal ingredient, is obtained from the bark of a certain species of Walnut, a new and effectual agent in the cure of deafness

Persons who had been deaf for 10, 15 and even 20 years have been permanently cured by using this oil In fact, so numerous and so emphatic have been the testimonials in its favor, that the strongest claims for it the distinction of an Infallible Remedy, in all cases, when the Ear is perfect in structure
